American who stopped Rafael Nadal

It had to happen sooner or later – Rafael Nadal lost. The 35-year-old Spaniard's 20-match winning streak was interrupted in the final of the Masters at Indian Wells. The American Taylor Fritz, 24, was the next-generation player to defeat the 21-time major winner.

A dirt road with tire tracks winds through a coastal landscape. The road is flanked by dense, green coastal vegetation. The sky is a clear, pale blue. A semi-transparent white arc is visible in the upper right portion of the image.

A world, in which we **proactively manage climate-related risks and opportunities. Because we have the tools, the competencies and the culture.**
